

CAPITAL LINK

Connecting Health Centers to Capital Resources

CAPITAL LINK PRE-DEVELOPMENT PLANNING SERVICES

Is your organization ready to expand?

Capital Link can help you take care of the critical preliminary planning details. Assessing the needs of your market and the right combination of services, staffing and space will help you determine your funding requirements.

With over 10 years of expertise, Capital Link assists health centers and primary care associations in accessing capital for building and equipment purchases, and provides extensive technical assistance throughout the entire capital development process, from initial idea through implementation.

Planning services:

- Preliminary Financial Analysis
- Market Analysis
- Economic Impact Analysis
- Program, Staff & Facility Planning
- Comprehensive Financing Assistance
- Federal Appropriations Assistance
